

RUDRASIS PANDA

ABOUT ME :-

I'm a Second-year B.Tech student in Artificial Intelligence & Machine Learning at NIST University. I'm currently learning Data Structures, C programming, and exploring cloud technologies through the Google Cloud Arcade program.

As part of college projects and workshops, I've built a Human Touch Detector, learned the basics of Git, GitHub and Blender, and started practicing 3D modeling and version control. I enjoy working on hands-on projects, exploring how AI and cloud technology work together, and continuously building my technical skills. I'm eager to take on new challenges, grow as a developer, and contribute to exciting tech-based solutions

Education

Bachelor of Technology
(B.Tech) – Artificial
Intelligence & Machine
Learning

NIST UNIVERSITY, ODISHA

2024 – 2028

skills

- C PROGRAMMING (BASIC LEVEL)
- BASIC COMPUTER OPERATIONS (MS WORD, POWERPOINT, INTERNET)
- C++ PROGRAMMING (BASIC)
- PYTHON (BASIC) 🐍
- DATA STRUCTURES (LEARNING)
- GIT & GITHUB (BASIC VERSION CONTROL)
- BLENDER (BEGINNER – 3D MODELING)
- WILLINGNESS TO LEARN 😊
- GOOGLE CLOUD (BASICS – VMS, STORAGE, CLOUD SHELL)/FIRE BASE🔥
- JAVA (BASIC)

Language

- ENGLISH
- HINDI
- ODIA

Professional Experience

2024

-

2025

PROJECTS / LEARNING EXPERIENCE

NIST University Institute Park, Pallur Hills, Berhampur – 761008,

- Self-Learning Projects – Personal
- - Learning C programming and writing basic programs (calculator, loops, etc.)
- - Exploring Python and basics of machine learning using YouTube and online courses
- - Practicing MS Word, PowerPoint, and typing skills
- Built a basic hardware-based touch detector using sensors and electronic components
- Understood and applied circuit design, sensor logic, and safety testing
- Collaborated with team members to complete and present the project

2024

-

2025

WORKSHOPS & LEARNING EXPERIENCE

NIST University Institute Park, Pallur Hills, Berhampur – 761008,

- Git & GitHub Basics:
- Learned version control, repository management, commit, push, and pull operations.
- Blender (3D Modeling):
- Overview of Unity interface, basic scene creation, and object interaction
- 🌐 Google Cloud Arcade – Student Learning Program
- Google Cloud / Online Platform | 2024 – Present
- Exploring basics of cloud computing, virtual machines, storage, and deploying apps on Google Cloud
- Hands-on labs with Qwiklabs/Cloud Skills Boost
- Learning how cloud services apply in AI/ML and software development
